DETAILED ACTION

1. Applicant's amendment filed on 9/19/07 has been entered.

Status of Claims

2. Claims 3, 9-19 and 28-29 are canceled.
Claim 1 is amended.
Claims 1-2, 4-5 and 27 are under examination.

Claim Rejections - 35 USC 112, first paragraph maintained

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

4. The rejection of claims 4 and 5 under 35 U.S.C. 112, first paragraph is maintained as set forth in the previous Office action.

Applicant 9/19/07 states that claim 1 is amended and therefore, the rejection should be withdrawn as SEQ.ID.NO:8 has written description support and is enabled.

Applicants argument is considered but found to be non-persuasive because the claims 4 and 5 are not drawn to SEQ ID NO:8 but are drawn to mutant immunogenic polypeptide and the specification does not disclose genus mutant immunogenic polypeptide of SEQ.ID.NO:8.

Election/Restrictions

5. Claims 1 and 3 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 6-8 and 20-26 directed to the process of using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, 1/5/06 hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on 7/6/05 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Remarks

6. Claim 1 -2, 27 and 6-8 and 20-26 are allowed.

Claims 4 and 5 are rejected.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for response to this final action is set to expire **THREE MONTHS** from the date of this action. In the event a first response is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for response expire later than **SIX MONTHS** from the date of this final action.
